

Calvin Young

Digital Campaign QA & Content Operations Specialist

Toronto, ON | 647 719 8164 | cwwyoung@gmail.com | <https://www.linkedin.com/in/cwwyoung/>

SUMMARY

Detail-oriented digital content and QA specialist with experience supporting email, digital, and print campaigns in fast-paced agency and publishing environments. Skilled in content review, campaign QA, HTML/CSS troubleshooting, and cross-functional production workflows, with a strong editorial background in copyediting and brand consistency. Experienced using AI-assisted tools to streamline workflows and improve content quality. Interested in growing into lifecycle marketing, CRM strategy, and retention-focused campaign planning.

SKILLS

Technical: HTML5, CSS/SCSS, responsive email troubleshooting, JavaScript fundamentals, React.js, Git, Acrobat, InDesign

Content: Email campaign QA, digital campaign production, copyediting, content validation, workflow coordination, campaign asset review, brand consistency, cross-functional collaboration, project coordination

EXPERIENCE

Senior Proofreader — **Publicis Groupe**, Toronto, ON

October 2024 – PRESENT

Multinational full-service marketing agency

- QA print, digital and email campaigns before launch, checking links, layouts, personalization, and overall functionality
- Identify and troubleshoot technical issues in HTML/CSS-based assets, working with developers and producers to resolve defects before release
- Leverage AI tools (Jasper, Otomo) to assist workflow and meet client requests for optimization and quality
- Collaborate with cross-functional teams (design, development, account) to ensure campaigns meet technical and business requirements under tight deadlines
- Help onboard new team members and act as a go-to for QA questions

Proofreader — **Harlequin & HarperCollins Canada**, Toronto, ON

August 2018 – October 2024

Canadian book publisher with over 600 employees headquartered in Toronto

- Ensured accuracy, consistency, and brand alignment across high-volume digital and print publishing workflows
- Collaborated with editorial, production, and technical teams to resolve content and formatting issues efficiently
- Contributed to workflow improvements and internal documentation by identifying recurring production and formatting issues
- Developed strong attention to detail and voice consistency across a wide range of author and brand styles

Library Assistant 3A — **Mississauga Library System**, Mississauga, ON

January 2011 – August 2018

Library system comprising 18 locations servicing 700k+ residents
